Question 2 · 20 marks

Lina is a newly qualified adult nurse on a medical ward. She works with a consultant, a healthcare assistant, a discharge coordinator and a hospital social worker. A patient, Mr Cole, is medically fit but cannot manage stairs at home.

(a) Identify two roles that are mainly social care rather than clinical nursing. **[2]**

(b) Outline the nurse's responsibilities when preparing Mr Cole for discharge. **[4]**

(c) Explain how effective teamwork could prevent a failed discharge. **[6]**

(d) Evaluate the impact of poor communication between professionals on people who use services. **[8]**

Question 3 · 20 marks

Grace is 45 and has been diagnosed with bipolar disorder. She uses a community mental health team (CMHT), her GP, and a peer-support charity. She wants to return to part-time work. She is worried colleagues will treat her unfairly.

(a) Identify two organisations that could support Grace's mental health. **[2]**

(b) Describe two ways anti-discriminatory practice should be shown if Grace returns to work. **[4]**

(c) Explain how empowerment can be promoted in Grace's care.

[6]

[illegible]

(d) Discuss barriers people with mental health needs may face when accessing work and care.

[8]

[illegible]

Question 4 · 20 marks

A residential care home has a medication policy, a complaints procedure and an equality and diversity policy. A resident, Mrs Adeyemi, says staff ignore her when she asks to wear her own clothes to the dining room. A student on placement hears this.

(a) Identify two rights Mrs Adeyemi has as a person using the service.

[2]

.....

.....

.....

(b) Describe how the complaints procedure should be used.

[4]

(c) Explain how the student should respond, with reference to professional behaviour.

[6]

[illegible]

(d) Evaluate how well policies alone can protect people who use services.

[8]

[illegible]
