

JDScience BTEC Health and Social Care Unit 2 Set C

Original JDScience exam-style practice. Written for BTEC Level 3 Health and Social Care (2016) topics. Not an official Pearson past paper.

Answer all questions. Use the case studies. The marks for each part are shown in brackets.

Time: 1 hour 30 minutes · **Total marks:** 80

Question 1 · 20 marks

Westbridge Hospice (voluntary sector) works with an NHS palliative care consultant, district nurses and a local authority carer's officer. Families can also buy extra night sits from a private agency. A faith group provides volunteer sitting.

(a) Identify two types of care shown in this case (for example primary, secondary, tertiary, informal).

[2]

(b) Describe the purpose of hospice care.

[4]

(c) Explain why multi-agency working is important in palliative care.

[6]

(d) Discuss funding and access issues that families may face in this mix of provision.

[8]

Question 2 · 20 marks

Ben is 28 and has a spinal cord injury. He uses a wheelchair. He sees a physiotherapist, an occupational therapist, a specialist nurse and a personal assistant funded through a direct payment. The GP surgery has steps at the entrance and a bell for assistance.

(a) Identify two allied health professionals in this case. [2]

(b) Describe how an occupational therapist could support Ben's independence. [4]

(c) Explain two physical barriers Ben may face and how they could be reduced. [6]

(d) Evaluate the use of direct payments for people with physical disabilities. [8]

Question 3 · 20 marks

A school nurse is supporting Year 10 sessions on consent, confidentiality and where to get sexual health advice. A pupil asks the nurse not to tell anyone they are attending a clinic. The nurse also has a safeguarding duty.

(a) Identify two principles of the 6Cs or care values relevant to this work. [2]

(b) Outline when a school nurse may keep a young person's information confidential. [4]

(c) Explain how the nurse should balance confidentiality with safeguarding. [6]

(d) Discuss why trust matters when young people use health services.

[8]

[illegible]

Question 4 · 20 marks

An inspector finds that a day service for adults with learning disabilities has no up-to-date DBS checks for two staff, incomplete accident records, and that activities are the same every week regardless of individual plans. The manager says they are “short-staffed”.

(a) Identify two laws or types of regulation that apply to this service.
