

BTEC Level 3 Health and Social Care

Unit 2: Working in Health and Social Care

Exam Walkthrough | Paper 31491H | Session: June 2022

How to answer every question · step by step

Command words · what the examiner wants

Identify / State (2 marks) · Give TWO brief, correct points. No explanation needed · just name or state two relevant things. 1 mark per point.

Describe (4 marks) · Give TWO points, each with a little detail. Two developed points = 4 marks (2 marks each).

Explain (6 marks) · Give THREE points, each explained (a point + a reason or effect). Three developed points = 6 marks (2 marks each).

Discuss (8 marks) · Give a BALANCED argument: several developed points PLUS a 'however' counterpoint. Four developed points = 8 marks (2 marks each).

Question 1 (a)

Identify two rights Mark has as a service user. (2)

Command word: Identify

How to approach: Recall the rights of a service user · dignity, confidentiality, choice, safety.

Model answer:

- Right to dignity / confidentiality / choice / safety (any two).

Why it earns the marks: One mark per correct right. Two valid rights earn the full 2 marks.

Question 1 (b)

Describe two ways the employer can monitor the work of the district nurse. (4)

Command word: Describe

How to approach: Think of two monitoring methods · supervision/appraisal, and audits/feedback from service users.

Model answer:

- Through supervision and appraisal of the nurse's work.
- Through audits and feedback from service users.

Why it earns the marks: Two marks per method: one for the method, one for the detail. Link each to monitoring the nurse's work.

Question 1 (c)

Explain how the district nurse can keep himself and Mark safe when carrying out his daily visits to dress Mark's leg. (6)

Command word: Explain

How to approach: Think of three safety measures · risk assessment, infection control/PPE, and lone-working procedures.

Model answer:

- Carrying out a risk assessment of the home environment before visits.
- Following infection control procedures and using PPE when dressing the leg.
- Following lone-working procedures and informing colleagues of his whereabouts.

Why it earns the marks: Three developed points, 2 marks each. Each point states a measure and how it keeps both nurse and patient safe.

Question 1 (d)

Discuss the importance of continuous professional development being completed by Yusuf. (8)

Command word: Discuss

How to approach: Give three reasons CPD is important (keeps skills current, improves care quality, meets registration), then a 'however' about its demands.

Model answer:

- CPD keeps Yusuf's skills and knowledge up to date.
- It improves the quality of care he provides to service users.
- It helps him meet professional registration and revalidation requirements.
- However, CPD requires time and cost, and needs support from the employer to be effective.

Why it earns the marks: Four developed points at 2 marks each. The 'however' point (time/cost demands) provides the balance a Discuss needs.

Question 2 (a)

Identify two skills the support workers can teach Samira to allow her to be more independent. (2)

Command word: Identify

How to approach: Think of two life skills that build independence · cooking, budgeting, personal care, travel.

Model answer:

- Cooking / budgeting / personal care / travel (any two).

Why it earns the marks: One mark per correct skill. Two valid skills earn the full 2 marks.

Question 2 (b)

Describe two adaptations that the local GP surgery can put in place, to help people with learning disabilities access its services. (4)

Command word: Describe

How to approach: Think of two adaptations · easy-read information/longer appointments, and staff training/accessible communication.

Model answer:

- Providing easy-read information and longer appointment times.
- Training staff and using accessible communication methods.

Why it earns the marks: Two marks per adaptation: one for the change, one for the detail. Link each to improving access.

Question 2 (c)

Explain how the social worker can make sure the needs of Samira and her parents are met. (6)

Command word: Explain

How to approach: Think of three ways · holistic assessment, coordinating services, and involving the family/person-centred planning.

Model answer:

- Carrying out a holistic assessment of Samira's and her parents' needs.
- Coordinating services and support to meet those needs.
- Involving the family and using person-centred planning.

Why it earns the marks: Three developed points, 2 marks each. Each point states an action and how it meets the family's needs.

Question 2 (d)

Discuss why this may cause conflict now that Samira is in supported living accommodation. (8)

Command word: Discuss

How to approach: Give three reasons for conflict (parents' anxiety, Samira's desire for independence, differing expectations), then a 'however' about resolution.

Model answer:

- Parents may be anxious about Samira's safety and independence.
- Samira may want greater autonomy and independence from her parents.
- Different expectations between Samira, her parents and staff can cause tension.
- However, conflict can be resolved through open communication and involving everyone in decisions.

Why it earns the marks: Four developed points at 2 marks each. The 'however' point (conflict can be resolved) provides the balance a Discuss needs.

Question 3 (a)

Identify two work-related skills needed by Chiyoko's nurses. (2)

Command word: Identify

How to approach: Recall nursing skills · clinical skills, communication, empathy.

Model answer:

- Clinical skills / communication / empathy (any two).

Why it earns the marks: One mark per correct skill. Two valid skills earn the full 2 marks.

Question 3 (b)

Describe two ways a charity such as Aspire may be able to help Chiyoko. (4)

Command word: Describe

How to approach: Think of two ways a charity helps · information/advice, and support groups/equipment.

Model answer:

- Providing information and advice about Chiyoko's condition.
- Offering support groups, peer support and access to equipment.

Why it earns the marks: Two marks per way: one for the help, one for the detail. Link each to supporting Chiyoko.

Question 3 (c)

Explain how an occupational therapist may be able to support Chiyoko so she can return home. (6)

Command word: Explain

How to approach: Think of three ways an OT supports a return home · assessing the home, recommending adaptations, and rehabilitation training.

Model answer:

- Assessing Chiyoko's home environment to identify needs.
- Recommending adaptations and equipment to support independence.
- Providing rehabilitation and independence training.

Why it earns the marks: Three developed points, 2 marks each. Each point states a support and how it enables a safe return home.

Question 3 (d)

Discuss how the potential barriers to accessing health and social care services may affect how well Chiyoko's needs are met. (8)

Command word: Discuss

How to approach: Give three barriers (physical/geographical, financial, communication), then a 'however' about how they can be reduced.

Model answer:

- Physical and geographical barriers may limit access to services.
- Financial barriers may restrict the support Chiyoko can afford.
- Communication barriers may prevent Chiyoko expressing her needs.
- However, these barriers can be reduced through support, adaptations and advocacy.

Why it earns the marks: Four developed points at 2 marks each. The 'however' point (barriers can be reduced) provides

Question 4 (a)

Identify two areas, other than developmental checks, that Bernadette may need advice on to help her care for Jude. (2)

Command word: Identify

How to approach: Jude is a baby. Think of two areas of baby care · feeding/nutrition, sleep, safety, immunisations.

Model answer:

- Feeding and nutrition / sleep / safety / immunisations (any two).

Why it earns the marks: One mark per correct area. Two valid areas earn the full 2 marks.

Question 4 (b)

Describe two measures the GP practice should have in place to deal with accidents. (4)

Command word: Describe

How to approach: Think of two accident measures · first aid provision/trained staff, and accident reporting/recording procedures.

Model answer:

- Providing first aid provision and trained staff.
- Having accident reporting and recording procedures in place.

Why it earns the marks: Two marks per measure: one for the measure, one for the detail. Link each to dealing with accidents.

Question 4 (c)

Explain how this concern should be dealt with by the management. (6)

Command word: Explain

How to approach: Think of three steps management should take · investigate thoroughly, take action/report, and review procedures.

Model answer:

- Investigating the concern thoroughly and fairly.
- Taking appropriate action and reporting as required.
- Reviewing procedures to prevent the issue recurring.

Why it earns the marks: Three developed points, 2 marks each. Each point states a step and its purpose in resolving the concern.

Question 4 (d)

Discuss the potential impact of this incident on Bernadette and her son. (8)

Command word: Discuss

How to approach: Give three impacts (emotional distress/loss of trust, health/wellbeing effects, reluctance to access services), then a 'however' about recovery.

Model answer:

- The incident may cause emotional distress and loss of trust in the service.
- It may affect Bernadette's and Jude's health and wellbeing.
- It may make Bernadette reluctant to access services in future.
- However, a good response and resolution can help restore confidence in the service.

Why it earns the marks: Four developed points at 2 marks each. The 'however' point (recovery through good response) provides the balance a Discuss needs.
